What's Happening at New Image?

New Image Cosmetic wants to remind everyone as the end of summer approaches that basking in the sun, especially without protecting your skin can lead to wrinkles, premature aging and, worst of all, skin cancer. Fortunately we have many treatment options to help protect and keep your skin looking great! All under the direct supervision of Dr. Lorne C. Poon.

Safe, Effective, Affordable!

Understanding What Procedure is Right for You!

With so many procedures to choose from, how do you know what's right for you?

A complimentary consultation with our **Cosmetic Consultant** will help guide you in making an informed choice as unique and individual as you!

Notes from our Skincare Specialist

*THE EYES DEFINITELY
HAVE IT!*

Eyes often show the first visible signs of aging, but with **Obagi Elastiderm Eye Treatment Cream**, you can reduce the effects. Designed to jump start the collagen and elastin production in the sensitive skin around your eyes, this revolutionary cream refreshes and ensures that your skin stays exactly where you want it.

What's all the hype about BHRT? September Feature

(BHRT) **Bio-Identical Hormone Replacement Therapy** helps to restore your **youth** and **vitality** by treating the symptoms of peri-menopause, menopause and post menopause. BHRT isn't only for women... Men experience a more gradual loss of hormones, mainly testosterone (male menopause.)

A cocktail of hormones is created, uniquely tailored for each individual patient. Did you know BHRT does the following...

Reduces Insomnia & Improves sex drive.

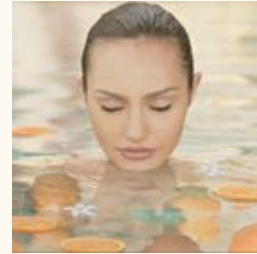

Reduces symptoms of menopause such as hot flashes, irritability, vaginal dryness, excess hair growth, skin problems, sleep problems, and mood swings.

BHRT improves the skin's elasticity. Decreases bloating, headaches, and irritability.

Increases weight loss: accelerates fat burning

Regulates menstruation: reduces menstrual bleeding and painful periods.

Help in Preventing heart disease. Improves blood
